

## NQT PROGRAMME 2020-2021

Now in its seventh successful year, Wimborne, Linwood and Ambitions teaching schools are in collaboration to deliver an NQT programme for 2020/21. The course is carefully tailored to provide supportive, specialised and developmental training led by a range of experienced trainers, SLEs, LLEs and NLEs. There are many bespoke elements of the course, such as career development workshops, which allow individual NQTs to make decisions about the training they receive.

Wimborne Teaching School is an initiative led by two outstanding schools in Wimborne: Allenbourn Middle School and St John's CE First School.
